- Up to 2X the life of a standard flooded battery
- Excellent starting power
- Longer life in high temperature environments

- Spillproof, mount it anywhere
- Cycles more and recharges faster
- Vibration resistant and totally maintenance free

AGM

STAYS STRONGER, LONGER

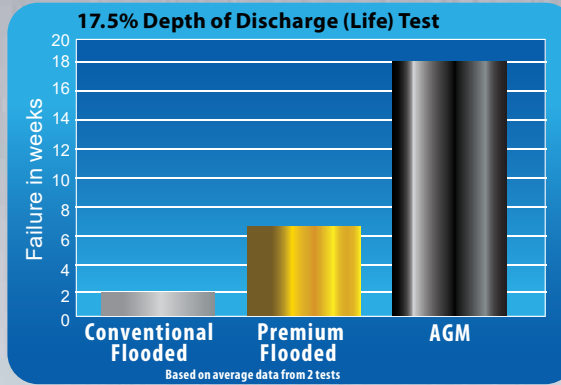

The precision consistency of our patented fully framed stamped grid resists corrosion and creates a uniform book, which is essential in the highly compressed AGM cell.

The AGM separator immobilizes the acid for installation in nearly any position.

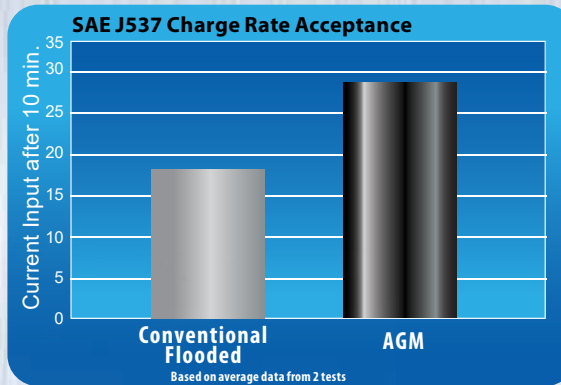

Best in industry rugged reinforced polypropylene holds the plates under compression even in high-vibration applications.

LIFE

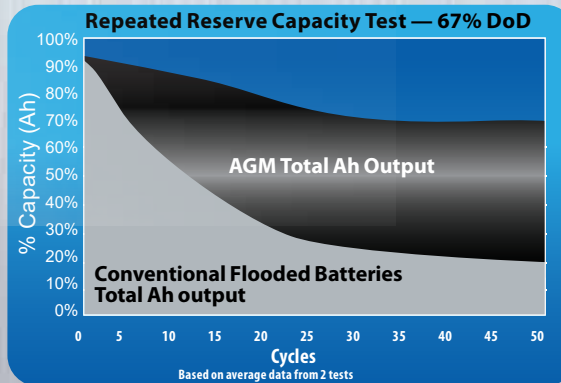

- 2X longer life
- Outperforms conventional batteries

CHARGE ACCEPTANCE

- Greater charge acceptance
- AGM rebounds quicker, even after unintentional discharge

ENERGY

- Substantially higher energy
- Greater capacity to better handle the heavy loads placed on today's batteries

MASTER DISTRIBUTOR OF THESE AGM BRANDS

Spiral Wound Plates provide exceptional durability. Ideal for trucks, SUVs, hot rods, and street cars, the REDTOP is designed to deliver the strongest burst of ignition power for a reliable start-up every time.

A true Deep Cycle AGM battery that delivers increased total energy output, maximized sustained performance, consistent quality, and enhanced durability.

A General Purpose AGM Battery that provides real value and performance for almost any application.
